We want you and your puppy to get the best start together. To help out we've put together a **Puppy Starter Pack** with all the essentials.

What's included:

- **Vet Check and Full Puppy Vaccination Course:** advice on general puppy care, a full health check and vaccination to protect against Distemper, Hepatitis, Parvovirus and Leptospirosis (2 injections given 2-4 weeks apart).
- **First Milbemax wormer AND Bravecto* flea treatment:** plus advice on the best long-term parasite control plan for your puppy against fleas, roundworm, tapeworm and lungworm.
- **10% off Voucher for our Online Shop:** treat your puppy to a bargain from the great selection of food, toys, treats and accessories available on our website.
- **Invitation to a Puppy Party:** run by our vet nurses the Puppy Party is a chance for you to pick up some top training tips and for your puppy to meet and socialize with other puppies.
- **Nurse Check at 5 months old:** a great opportunity to check your puppy is growing up well, that their teeth are developing properly, and to get the best advice on diet, parasite control and neutering.

All for only **£54.00** or £44.50 if only a second vaccination is needed

Add an ID chip for only £19.95

You can check out photos from Puppy Parties on our **Facebook Page** and get some great starting tips on Puppy Training from the **Pet Info Library** section of our website.

**1st Bravecto chargeable, 2nd Bravecto free.*
