We want you and your kitten to get the best start together. To help out we've put together a **Kitten Starter Pack** with all the essentials.

What's included:

- **Vet Check and Full Kitten Vaccination Course:** advice on general kitten care, a full health check and vaccination to protect against Herpesvirus, Calicivirus, Panleucopenia and for outdoor cats Leukaemia Virus (all covered in just 2 injections given 3-4 weeks apart).
- **First Milbemax wormer AND flea spot-on treatment:** plus advice on the best parasite control plan for your kitten against fleas, roundworm and tapeworm.
- **10% off Voucher for our Online Shop:** treat your kitten to a bargain from the great selection of food, toys, treats and accessories available on our website.
- **Nurse Check at 5 months old:** a great opportunity to check your kitten is growing up well, that their teeth are developing properly, and to get the best advice on diet, parasite control and neutering.

All for only **£62.50** or £49.50 if only a second vaccination is needed

Add an ID chip for only £19.95

You can find some great advice on some common kitten queries by searching "kitten" in the **Pet Info Library** section of our website.
